

HEALTH INSURING CORPORATIONS Annual Open Enrollment Periods

Health Maintenance Organizations (HMOs) offer an alternative to traditional insurance. It is a system in which you receive your basic health care from specific doctors and hospitals. HMOs accept individuals during their Open Enrollment Period regardless of any pre-existing health conditions.

HMO's may refuse to accept individuals that have or are eligible for coverage:

- As a federally eligible individual;
- Under group continuation coverage;
- As a Medicare recipient (some plans will cover this group); or
- Has employer sponsored health coverage.

Things to remember:

- You must live in the HMO service area to apply;
- Coverage may not start until 90 days after your month of enrollment;
- An HMO may be granted a waiver or limit for their open enrollment period.

How to enroll:

Call the HMO serving your county (at the beginning of their expected date) to confirm their scheduled open enrollment will take place; Apply early as applications are taken on a first come basis. You may request an application be mailed to your home address; you do not have to apply in person.

If you need additional assistance after contacting the plan:

Contact the Consumer Services Division of the Ohio Department of Insurance at (800) 686-1526 or (614) 644-2673.

2006 Open Enrollment

Plan Name	Expected Dates	Telephone Contact
Paramount Health Care	January 1 - January 30	(800) 462-3589
The Health Plan	March 1 - March 30	(800) 624-6961
